WHY TREAT?

Your skin type isn't the only factor to consider when you're purchasing skin solutions. You also need to keep in mind other skin challenges such as sun-damage, acne scars, enlarged pores, inflammation, dark circles, sagging skin, etc. While proper cleansing and exfoliating will go a long way to improve many of these challenges, most can be better served with a targeted treatment. Regular use of masks and wrinkle treatments can help you restore the radiance of your skin—and your confidence.

Maximize your skin revitalizing efforts with these other Skincents products:

- *Cleansing Facial Gel*
- *Moisturizing Facial Cleanser*
- *Refining Microderm Treatment*
- *Revitalizing Facial Serum*
- *Regenerating Wrinkle Treatment*

Directions: Apply a thick layer over your entire face, avoiding the eye area. For dry/normal skin, remove mask before it dries. For combo/oily skin, allow mask to dry completely. Remove with tepid water, gently massage and pat dry. Follow with Waiora's *Revitalizing Facial Serum*. For optimal results, do not use more than twice a week.
